*

VSSNA Spring Conference

Educational Objectives

1. To discuss how school nurses are a powerful influence on those around them.
2. Describe how they can use that influence as in a motivational interviewing format.
3. To define controversial issues in the practice of school nursing in a changing educational environment.
4. To participate in the Business Meeting of the VSSNA.
5. To describe concepts of holistic wellness that can be utilized in school nurse practice.
6. To provide information to school nurses concerning access to health care for Vermont students and families.
